INVITED PAPERS AND ORAL PRESENTATIONS AT MAJOR SYMPOSIA

Richter, H., Crandall, F. & McGuire, A. 1965. Biological research in a manned space laboratory. Presented at the Symposium on Post Apollo Space Exploration, sponsored by Illinois Institute of Technology Research Institute and American Astronautical Society, Chicago, Illinois, May 4-6, 1965.

Crandall, F. B. 1965. Advanced bioscience experimentation in a zero gravity Laboratory. Presented at the Experimenters Information Meeting on the Apollo Applications Program in Bioscience, sponsored by the American Institute of Biological Sciences and the National Aeronautics and Space Administration, Washington, D.C., November 22-23, 1965.

Crandall, F. B. 1991. Status report on the Nemertean Information System. Presented at the Third International Conference on Nemertean Biology, Bangor, Wales, August 10-15, 1991.

Crandall, F. B. 1995. Hoplonemertean muscle systems and their taxonomic significance. Presented at the Fourth International Conference on Nemertean Biology, Asilomar, California, July 14-19, 1995.

Crandall, F. B. & Norenburg, J. L., 2000. Digital imaging for nemertean morphologic studies. Fifth International Conference on Nemertean Biology, Alcalá de Henares, Spain. June 2000.

Crandall, F. B., Norenburg, J. L. & Thollesson, M., 2000. NEMERTES: The nemertean information system and website. Fifth International Conference on Nemertean Biology, Alcalá de Henares, Spain. June 2000.

Siddall, M. & Crandall, F. B., 2002. Digital imaging workshop sessions. Fourth National Science Foundation Conference on Partnerships for the Enhancement of Expertise in Taxonomy (PEET IV), University of California, Berkeley, June 2002.

Crandall, F. B., 2005. Morphological adaptations of the Cratenemertidae to the epipelagic habitat and lifestyle. Sixth International Conference on Nemertean Biology, Ogden, Utah, June 2004.
